      IV -   Special Topic

      V -   Other Items, and Conclusion

12:00 – 1:30 Lunch on your own.

1:30 – 3:30 Educational Session.

<u>Morning session Special Topic (1)</u>: **City of Hastings Riverside Cemetery**

<u>Presented by</u>: Ed Dempsey, Prein & Newhof
Several years ago, the City of Hastings established a cemetery millage for the upkeep, maintenance and improvement of Riverside Cemetery.   A portion of the millage was intended for the modernization and publishing of the City's 16,000 burial records. I will discuss the entire process from the conversion of Excel documents and paper to a new BS&A database, the creation of grave features, and the publishing of data to ArcGIS Online.

<u>Morning session Special Topic (2)</u>: **Michigan Geographic Framework Technology Update**

<u>Presented by</u>: Mark Holmes, Center for Shared Solutions
Mark will provide an update on the latest activities regarding the MGF upgrade.
_____

<u>Afternoon Educational Topic</u>: **What's New with ArcGIS and ArcGIS for Local Government Solutions**

Esri Tech Announcements and Insights for ArcGIS – Dan Haag, Esri
Brief overview of the latest ArcGIS technical updates followed by an overview of Insights for ArcGIS - Insights for ArcGIS is a web-based, data analytics workbench where you can explore spatial and nonspatial data, answer questions you didn't know to ask, and quickly deliver powerful results.

Esri Open Data – Sarah Schrader, Esri
Overview of how local governments are leveraging ArcGIS Open Data to support their organization's open government strategy (not just for GIS data download). Presentation will include considerations and user examples.

What's Coming in the ArcGIS for Local Government Solution – Scott Oppman and Chris Fox, Esri
We'll review the December 2017 and January 2018 releases, give you a sneak peek of what we're working on this winter, and highlight plans for the ArcGIS for Local Government solution in the first half of 2018.
